REPORT OF OSSIPEE POLICE DEPT. 1977

To the Selectmen and Citizens of the Town of Ossipee, N.H.

This year has been a sad one in the fact that there were 76 accidents with six of these fatals. The fatals were five separate accidents and all with only one vehicle involved.

There also was an increase in all other areas. With criminal activity up 79 percent, motor vehicle violations up 49 percent, juvenile offenses up 35 percent, and mileage up 23 percent.

In September 1977 an officer was hired under CETA (comprehensive employment and training act), with the entire cost paid by CETA, this will carry on into March 1978 and at such time another application will be submitted to run to September 1978.

I would like to thank my officers, the Town officials, other department heads, and the citizens of Ossipee for their cooperation and assistance.

Respectfully yours,
JOHN E. FOGARTY
Chief of Police

OSSIPEE RECREATION DEPARTMENT

To the Selectmen and citizens of the Town of Ossipee:

It has been clearly evident over the past several months that the Town of Ossipee has been a progressive community, and a model for adjacent townships. The Ossipee Recreation Department has been an integral part of that progress, offering more programs to the community than ever before. The list of volunteers is long, and the range of programs wide.

The following is a list of programs for the year 1977:

Cross-Country Skiing (instructor - Donald Nuri)

We are grateful to the West Ossipee Fire Precinct for its significant contribution to the Town of Ossipee the former West Ossipee Fire Department building. The building is now used as a warming hut, concession stand, and storage area for the recreation department.

As head of the Ossipee Recreation Department since its inception in January of 1971, I feel pride in realizing that the department has been a positive factor of influence in the community, pride in the response of the public to its growth, and pride in all those who have taken part in its success - the sponsors, coaches, instructors, the Advisory Committee, and all interested citizens.

Respectfully submitted,
JAMES B. THOMPSON
Director of Recreation

OSSIPEE PLANNING BOARD
Center Ossipee, New Hampshire 03814

The Ossipee Planning Board meets each first and third Tuesday of the Month. Our first meeting of the month is held at the Town Hall and subdivision proposals are submitted, discussed and hearings held. Our second meeting of the month is designed as a work-planning session and is sometimes held at other locations.

A considerable amount of time this year has been spent with individuals and developers attempting to correct past, present and future problems of subdividing.

The proposed Zoning Ordinance, presented to the voters again this year, has been revised to reflect the feelings of the people and organizations in this area. We have spent a considerable amount of time with individuals and groups in our area and we hope this proposed ordinance meets with their approval.

The Planning Board appreciates the cooperation extended to it by the Town Officers.

Sincerely,
PETER D. BILLINGS
Chairman

OSSIPEE CONSERVATION COMMISSION

1977

To the Selectmen and Citizens of the Town of Ossipee:

The Ossipee Conservation Commission has had an active and rewarding second year in its efforts to oversee the many areas of conservation important to the town.

As in the previous year, the Commission's prime concern has been water quality, which is influenced by land use in the area and includes septic systems, timber operations, recreation, and preservation of sensitive land areas.

The Commission was instrumental in the passing of HB517 which concerns setting aside 3,200 acres of land (40 percent in the Town of Ossipee: 60 percent in the Town of Effingham) as the "Pine River State Forest".

Also three tracts of land have been donated to the town for conservation purposes.

The Commission has continued to follow the progress of the proposed sewer system in Center Ossipee, which is meant to correct the problems caused by the present system, which is in failure. No final plans have been made or presented as yet. The Commission also met with representatives from Anderson-Nichols, who explained in detail the proposed spray-irrigation system for the County Home Complex.

In July, at a well-attended public meeting, representatives of the Lakes Region Planning Commission explained the use of a new and accurate device which is used to test water for pollutants. The device was used twice this year on Ossipee Lake.

The Commission has also overseen Dredge and Fill Permits, one of its important duties. Action by the Com-

mission protected the Gile Brook Area at Dan Hole Pond, from extensive pollution from timber operations which were begun without permits and State inspection.

Most recently the Commission has participated in hearings with respect to the proposed incinerator / landfill which are needed to replace the old Town Dump that has been declared illegal by State and Federal Laws.

The Ossipee Conservation Commission wishes to thank Town Officials, The Lakes Region Planning Commission and the many individuals who have assisted it in its duties and provided encouragement and interest over the past year. Suggestions and inquiries from the public are always most welcome.

The Commissioners are as follows:

RICHARD PRIEBE - Chairman
RANDY LYMAN
KAREN EBEL
JAMES LEWIS
MARK WRIGHT
PETER BILLINGS
JEAN DANFORTH - Secretary

Respectfully submitted,
JEAN DANFORTH
Secretary

OSSIPEE NURSING SERVICE

Total number of home and office calls 1150.

1977 has been a year of growth for the Ossipee Nursing Service. On March 1, 1977 the Nursing Service, which had previously operated on a part time basis, expanded its services to daily availability. This expansion was created thru increased services to the community. In addition to home visits which are made daily, the Nursing office is open each morning for the convenience of area residents who wish to stop in for aid. About 30 persons a month take advantage of this opportunity.

Monthly Blood Pressure and weight screenings held in the nursing office were begun in July and have been well attended.

In June the Nursing Service was given the responsibility for the organization and planning of the Well Child and Immunization Clinic, which is sponsored by the N.H. Public Health Dept. These clinics are being held every other month -- with additional ones when the need arises -- in the office of Dr. Anne Collins and could not function without the untiring efforts of many loyal volunteers. In 1977 5 clinics were held with an average of 25 children attending.

A referral system has been instituted with the help of the Social Services Dept. of Huggins Hospital, which allows your nurse to be in touch with patients while in the hospital. In this way she is in personal touch with residents of Ossipee and thus able to acquaint them with the services provided by the office so that they may call upon discharge if there is a need.

Your nurse has been able to assist many families thru referral to other area Social Services Agencies such as Homemaker Home Health Aides, Meals on Wheels, N.H. Welfare Dept. for assistance, Legal Aide, Family Planning, Fuel Assistance and Town aid - to mention a few.

Medical equipment for loan in the home continues to be a great need in our community and our pieces of equipment are constantly in use. We are very grateful to the Ossipee Rotary Club who answered our need for another wheel chair by donating a lovely new chair to the service.

Application has been made to the WIC Program which will assist pregnant women, infants and children with a supplemental food program. Plans are also being made for a breast self examination clinic to be held in conjunction with the Cancer Society.

The largest number of nursing visits continue to be to the elderly and our emphasis on home health care is to enable our folks to remain in their one homes as long as possible.

Sincerely,

CLYDE (MICKEY) MERRILL, R.N.

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town / city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town / city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town / city and state sharing the cost. Suppression costs in excess of $\frac{1}{4}$ of 1 percent of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organizations and helps coordinate activities between towns / cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.
